StaO 3301.1

PMO

13 DEC 1999

STATION ORDER 3301.1

From: Commanding General
To: Distribution List

Subj: ANTITERRORISM RESPONSE PLAN (ARP)

Ref: (a) MCO 3302.1B
(b) StaO 3501.1

Encl: (1) ARP for Normal Conditions
(2) ARP for THREATCON Alpha
(3) ARP for THREATCON Bravo
(4) ARP for THREATCON Charlie
(5) ARP for THREATCON Delta

1. Purpose. To establish security measures for the protection of Marine Corps Air Station Miramar (MCAS) personnel and operational assets.

2. Information. The potential for terrorist threats necessitates the establishment of the Antiterrorism Response Plans (ARPs) contained in enclosures (1) through (5). These plans provide security for personnel, equipment, and facilities. The ARP's also designate action to be taken by station elements to increase the level of security as the threat of terrorism targeting this installation increases.

3. Action. Commanding Officers, Directors, Officers In Charge, and Department Heads will comply with enclosures (1) through (5) and ensure personnel under their cognizance are familiar with the contents of this Order.

4. Concurrence. The Commanding General, 3d Marine Aircraft Wing, and the Commanding Officer, Marine Aircraft Group 46 concur with the provisions of this Order.

T. R. COUGHLAN
Chief of Staff

DISTRIBUTION: A

ARP FOR NORMAL CONDITIONS

1. Normal Conditions. No indications of terrorist activities targeting U.S. military personnel or facilities in the geographic area. Actions to be taken are as follows:

a. Assistant Chief of Staff (AC/S) G-1. Task the Postal Officer to ensure adequate training for postal and MCAS Miramar headquarters personnel concerning letter bombs, mail screening procedures, and emergency actions in response to suspicious packages received via the U.S. Mail.

b. Assistant Chief of Staff (AC/S) G-3

(1) Task the Training Division with the following requirements:

(a) Monitor availability of antiterrorism schooling.

(b) Disseminate information concerning available antiterrorism schools.

(c) Conduct/coordinate on-site antiterrorism schools as requested.

(2) In conjunction with the Provost Marshal, schedule MCAS Miramar antiterrorism and counterterrorism drills listed as in paragraph 1d(14) below.

c. Naval Criminal Investigative Service

(1) Conduct annual threat assessments of MCAS Miramar.

(2) Assist departments/units in conducting Operations Security (OPSEC) training as required.

(3) Coordinate MCAS Miramar antiterrorism/counterterrorism plans with civilian law enforcement agencies to ensure the timely receipt of information concerning terrorist activities, as well as mutual support plans.

(4) Provide periodic briefings/intelligence assessments to the Commander, Marine Corps Air Bases Western Area and Commanding General, 3d MAW.

ENCLOSURE (1)

13 DEC 1999

d. Provost Marshal

(1) Recommend the establishment of the appropriate terrorist THREATCON level to the Commanding General when necessary.

(2) Conduct routine security patrols of MCAS Miramar.

(3) Conduct routine security operations on the flight line area.

(4) Conduct mission-oriented training on a regular basis to ensure adequate readiness of security elements.

(5) Conduct periodic response planning for bomb threats, hostage negotiations, antiterrorism, and counterterrorism operations

(6) Provide Terrorism Awareness training to departments/units as required.

(7) Per reference (a), organize and convene an installation Physical Security Council.

(8) Identify Mission Essential Vulnerable Areas (MEVAS) aboard the installation in order to enhance security of these areas commensurate with the threat condition. The MEVAS will be designated in writing and approved by the Commanding General, MCAS Miramar. A list of these MEVAS will be maintained by the Provost Marshal and will be classified "For Official Use Only."

(9) Obtain and maintain any specialized equipment required to combat the terrorist threat such as Special Reaction Team (SRT) equipment, lights/mirrors for vehicle under carriage inspections, portable metal detectors, and similar devices.

(10) In conjunction with the Naval Criminal Investigative Service (NCIS), maintain liaison with local, state, and federal authorities on matters pertaining to a coordinated response to security threats and other mutual physical security/terrorism issues.

(11) Per reference (a), be prepared to initiate Random Antiterrorism Measures (RAMS) using selected security measures from threatcon charlie in order to deny a terrorist surveillance team the opportunity to accurately predict security actions throughout threatcons alpha and bravo.

(12) Be prepared to institute station-wide countersurveillance measures to detect attempts by subversives to conduct surveillance of station and 3d MAW operations.

ENCLOSURE (1)

(13) Per reference (a), in conjunction with the G-3, be prepared to notify higher headquarters when the THREATCON level changes or an actual terrorist incident occurs.

(14) Conduct an annual antiterrorism exercise as set forth in reference (a).

(15) In conjunction with EOD, provide safe haven/refuge for in-transit DoD shipments when contacted by the Military Traffic Management Office (MTMO).

(16) Ensure that antiterrorism protective features and other physical security measures are included in the planning and design of military construction and special projects.

(17) Flightline Security under normal threat conditions will be optional for Automated Entry Control System (AECS), Identification (ID) level, Vehicle control, and Entry Control Points (ECPs).

e. 3d Marine Aircraft Wing (MAW)

(1) Be prepared to augment the Provost Marshal's Office with personnel for use in anti/counterterrorism operations as required.

(2) Coordinate with the Provost Marshal via the 3d MAW Force Protection Office within G-3 to establish procedures for the employment and training of SAF personnel.

(3) Assistant Chief of Staff (AC/S), G-2: coordinate alert center intelligence support as necessary. Ensure (ATACSUM) antiterrorism alert center summaries are disseminated in a timely manner coordinated with NCIS personnel.

f. Headquarters and Headquarters Squadron (HQHQRON). Per reference (b), establish a Security Augmentation Force (SAF) for use in anti/counterterrorism operations and coordinate with the Provost Marshal involving their training and assignment.

g. Station Explosive Ordnance Disposal (EOD). Provide Explosive Awareness training and support as requested. Ensure X-RAY/SIED (Suspected Improvised Explosive Device) unit are able to be employed immediately when needed.

ENCLOSURE (1)

ARP FOR THREATCON ALPHA

1. THREATCON Alpha. This condition applies when there is a general threat of possible terrorist activity against MCAS Miramar and/or its personnel, the nature and extent of which are unpredictable, and when the circumstances do not justify full implementation of the measures of THREATCON Bravo. However, it may be necessary to implement certain selected measures from THREATCON Bravo, as a result of intelligence received, or as a deterrent. The measures in this THREATCON must be capable of being maintained indefinitely.

a. All Departments/Units

- (1) Ensure all measures during normal conditions are in effect.
- (2) Reemphasize bomb threat procedures.
- (3) Reemphasize Operations Security (OPSEC) for awareness.
- (4) Conduct random identification checks of personnel entering key facilities.
- (5) Review reference (a) for any further action deemed appropriate.
- (6) Ensure compliance with all applicable TREATCON Alpha measures.

b. Assistant Chief of Staff (AC/S) G-3

- (1) Notify all elements of MCAS Miramar and appropriate headquarters units that THREATCON Alpha has been set and receive acknowledgments.
- (2) Provide staging areas for all personnel/equipment deploying from or returning to MCAS Miramar. Coordinate security requirements with the Provost Marshal.

c. Classified Material Control Center (CMCC) Custodian. Maintain a current read folder of all classified terrorist threat messages for review by appropriate personnel.

d. Public Works Officer

- (1) Prepare mobile lighting units for emplacement around key facilities.

ENCLOSURE (2)

13 DEC 1999

(2) Prepare plans to restrict parking near key facilities and for alternate parking of privately owned vehicles away from the flightline area in coordination with the Provost Marshal.

(3) Provide support to MCAS Miramar elements in meeting any special needs for barriers to regulate access and/or provide safety buffer zones from facilities determined to be at risk.

(4) Coordinate with MWSS units for use of heavy equipment lights, etc... for use as necessary.

e. Naval Criminal Investigative Service

(1) Keep the local law enforcement agencies advised of all developments.

(2) Coordinate and provide support to the FBI in the event that agency assumes jurisdiction over a terrorist incident.

f. Public Affairs Officer. Publish an educational series of articles concerning terrorism in the station newspaper, informing the public in a general sense that increased security measures are being implemented.

g. Staff Judge Advocate (SJA)

(1) Provide continuing advice regarding compliance with existing laws and regulations.

(2) Provide other legal services as required.

h. Provost Marshal

(1) Flightline security under THREATCON Alpha.

(a) The Automated Entry Control System (AECS) is required to be active.

(b) The ID level will require personnel to swipe a card. The use of a Personal Identification Number (PIN) and photo are optional.

(c) It will be required that vehicles on the flightline be limited to essential use only.

(d) If the AECS is inoperable, the Entry Control Points (ECPs) are required to be manned continuously.

ENCLOSURE (2)

i. Commanding General, MCAS Miramar. Declare threat conditions (THREATCON's) and implement appropriate security measures.

j. THREATCON Measures

(1) Measure 1

(a) Brief all personnel on the current threat condition, and those measures enacted to increase security. Remind all duty personnel including family members, to be especially alert for suspicious or unusual activities, particularly strangers carrying suitcases or other containers, packages, and vehicles.

(b) Conduct unit-level training on terrorism awareness.

(c) Be alert for unidentified vehicles on, or in the vicinity of U.S. installations, units or facilities.

(2) Measure 2

(a) Keep key personnel (OD, SDO or appointed personnel) who may be needed to implement security plans on call. Personnel having access to security plans for evacuating or sealing off buildings and/or areas in use, must be available at all times if an explosion or attack occurs.

(b) Ensure duty personnel have knowledge of, and access to emergency plans for immediate evacuation of buildings and grounds in use, as well as plans for cordoning and sealing off areas.

(c) Establish on-call duty roster of heavy equipment operators. All off-duty heavy equipment operators will report their destination and expected time of return to the military police desk sergeant prior to leaving their listed recall address.

(3) Measure 3. Secure all buildings, rooms, and storage areas not in daily use.

(4) Measure 4. Provost Marshal's Office will:

(a) Increase security spot checks of vehicles and persons entering the installation and nonclassified areas.

(b) Conduct random identification spot checks of passenger(s) and commercial vehicle occupants gaining access to the installation, using predetermined criteria for vehicle selection.

ENCLOSURE (2)

StaO 3301.1
13 DEC 1999

(c) With or without Military Working Dog (MWD) assistance, daily Commanding General administrative vehicle inspections will be conducted at random times and locations, using predetermined criteria for vehicle selection.

(d) Physically inspect license plates affixed to vehicles entering the installation.

(e) Visually check identification card, drivers license and/or vehicle registration card of all passenger vehicles and commercial truck drivers, and the identification card of vehicle occupants and pedestrians, to include joggers and bicyclists.

(5) Measure 5. The Provost Marshal's Office will limit installation access points for vehicles and personnel, corresponding with a reasonable traffic flow.

(6) Measure 6. Apply one of the following measures from THREATCON Bravo individually and randomly as a deterrent:

(a) At the beginning and end of each workday, and at regular and frequent intervals, inspect the interior and exterior of buildings in regular use for suspicious packages or activity.

(b) Check all deliveries to dining facilities, clubs, etc., and advise family members to check all home deliveries.

(c) Increase surveillance of domestic accommodations, Child Development Center, dining facilities, clubs, and other "soft targets" to improve deterrence and defense.

(7) Measure 7. Review all plans, orders, personnel details, and logistics requirements related to the introduction of a higher THREATCON.

(8) Measure 8. Review and implement security measures for high-risk personnel; e.g., direct the use of inconspicuous body armor.

(9) Measure 9

(a) Provost Marshal's Office will notify and consult with local authorities on the threat conditions in effect at the installation, and continue to exchange intelligence. Jurisdiction and command and control issues should be agreed upon and exercised between Naval Criminal Investigative Service (NCIS), the Federal Bureau of Investigation (FBI) and local agencies.

ENCLOSURE (2)

StaO 3301.1

10 DEC 1999

(b) The Commanding General and key staff will review the installation contingency plans.

(10) Measure 10. Establish counter surveillance in areas likely to be targeted by hostile elements, place barriers in a ready position near gates and sensitive buildings, where they may be required to block, delay or channelize hostile actions.

ENCLOSURE (2)

ARP FOR THREATCON BRAVO

1. THREATCON Bravo. This condition applies when an increased and more predictable threat of terrorist activity exist. The measures of the THREATCON must be capable of being maintained for weeks without causing undue hardship, without affecting operational capabilities, and without aggravating relations with local authorities.

a. Department/Units

(1) Implement all measures for THREATCON Alpha.

(2) Formulate plans for posting armed guards at key facilities. Coordinate these security plans with the Provost Marshal and advise when requirements exceed personnel assigned.

(3) Identify those personnel to be issued small arms and ammunition in the event a higher threat condition is required and forward their names to HQHQRON.

(4) Review reference (a) for any further action deemed appropriate.

(5) Ensure compliance with all applicable TREATCON Bravo measures.

b. 3d Marine Aircraft Wing. Formulate plans for posting armed guards in key group/squadron areas and on the flightline areas. Coordinate these security plans with the Provost Marshal via the 3d MAW Force Protection Officer.

c. Assistant Chief of Staff (AC/S) G-3

(1) Notify all elements of MCAS Miramar that THREATCON Bravo has been set and receive acknowledgments.

(2) Restrict Remain-Over-Night (RON) landings of military aircraft to U.S. military airfields.

d. Assistant Chief of Staff (AC/S) G-4

(1) Stock and maintain sufficient meals and water to provide food services in the event of damage to the dining facility, prolonged power outages, or water service interruption.

(2) Be prepared to provide meals for personnel whose duties preclude attendance at the dining facility.

ENCLOSURE (3)

StaO 3301.1

13 DEC 1999

(3) Ensure Station Ordnance coordinates security measures with the Provost Marshal.

(4) Be prepared to issue small arms ammunition to HQHQRON Armory.

e. Assistant Chief of Staff (AC/S) G-6

(1) Establish plans for the rapid restoration/repair or use of alternate services in the event essential communications are disrupted.

(2) Arm the communications watch officer in the Joint Communications Center. Ensure the Duty Communications Clerk is issued an M-9 pistol and thirty (30) rounds from the Station Armory.

f. Provost Marshal

(1) Increase random checks of vehicles entering/parking in or adjacent the flightline restricted area.

(2) Increase Military Police vehicle patrols in parking areas in the flightline restricted area, adjacent to hangars and key facilities.

(3) Increase physical security checks of key facilities after normal working hours.

(4) MWD Explosive Detector teams check the exterior of vehicles in the parking lots immediately adjacent to headquarters and other sensitive buildings.

(5) Flightline Security under THREATCON Bravo.

(a) The Automated Entry Control System (AECS) is required to be active.

(b) The ID Level will require personnel to swipe a card and use a PIN. The photo is optional.

(c) It will be required that vehicles on the flightline be limited to essential use only.

(d) If the AECS is inoperable, the ECPs are required to be manned continuously.

ENCLOSURE (3)

ARP FOR NORMAL CONDITIONS

1. Normal Conditions. No indications of terrorist activities targeting U.S. military personnel or facilities in the geographic area. Actions to be taken are as follows:

a. Assistant Chief of Staff (AC/S) G-1. Task the Postal Officer to ensure adequate training for postal and MCAS Miramar headquarters personnel concerning letter bombs, mail screening procedures, and emergency actions in response to suspicious packages received via the U.S. Mail.

b. Assistant Chief of Staff (AC/S) G-3

(1) Task the Training Division with the following requirements:

(a) Monitor availability of antiterrorism schooling.

(b) Disseminate information concerning available antiterrorism schools.

(c) Conduct/coordinate on-site antiterrorism schools as requested.

(2) In conjunction with the Provost Marshal, schedule MCAS Miramar antiterrorism and counterterrorism drills listed as in paragraph 1d(14) below.

c. Naval Criminal Investigative Service

(1) Conduct annual threat assessments of MCAS Miramar.

(2) Assist departments/units in conducting Operations Security (OPSEC) training as required.

(3) Coordinate MCAS Miramar antiterrorism/counterterrorism plans with civilian law enforcement agencies to ensure the timely receipt of information concerning terrorist activities, as well as mutual support plans.

(4) Provide periodic briefings/intelligence assessments to the Commander, Marine Corps Air Bases Western Area and Commanding General, 3d MAW.

ENCLOSURE (1)

10 DEC 1999

n. THREATCON Measures

(1) Measure 11. Repeat Measure 1 and warn personnel of any other form of attack to be used by terrorists.

(2) Measure 12. Key staff members will continue preparation for implementing antiterrorism contingency plans and will remain on call.

(a) All Crisis Management Team (CMT) members, off-duty Military Police, Security Augmentation Force, primary reaction platoon personnel, and other members of the Crisis Management Force (CMF) will report their destination and expected time of return to the MP desk sergeant or other designated official prior to leaving their listed recall address.

(b) If resources allow, assign a driver and/or military police trained in protective service operations to the Station Commanding General, General Officers, or other designated personnel with greater terrorist target value.

(c) The Provost Marshal shall conduct a periodic recall of the Special Reaction Team (SRT).

(3) Measure 13. Check plans for implementation of the measures in the next higher THREATCON.

(4) Measure 14. Move cars and objects such as crates, trash containers, etc., at least 25 meters from buildings of a sensitive or prestigious nature, if possible. Consider the use of centralized parking.

(5) Measure 15. Regularly inspect and secure all buildings, rooms, and storage areas not in use.

(6) Measure 16. Inspect the interior and exterior of buildings, in normal use for the presence of suspicious objects and packages at regular and frequent intervals at the beginning and end of each workday.

(7) Measure 17. Examine all incoming mail for letter or parcel bomb devices.

(8) Measure 18. Inspect all deliveries to dining facilities, clubs, etc.

(a) Conduct random checks of package deliveries brought into service areas by designated personnel and employees.

ENCLOSURE (3)

(b) Advise military dependents to check all home deliveries, and report all suspicious letters/packages.

(c) Military police search all commercial vehicles entering the installation, and compare vehicle contents with bills of lading or other manifest documents.

(9) Measure 19. Increase surveillance of domestic accommodations, dining facilities, clubs, BEQ's and other "soft targets."

(a) Military police MWD teams shall conduct a walking patrol of the installation housing area perimeter fence line, and establish regular patrols in the flightline restricted area.

(b) The Commanding General will implement regulations prohibiting the carrying of parcels into exchanges, clubs, and other designated buildings, except for specific circumstances and through designated buildings and doors.

(c) Signs indicating the new regulations should be conspicuously posted at the selected sites, buildings and doors.

(10) Measure 20. To prevent rumors and unnecessary alarm, brief organizational staff and dependents of the general situation.

(11) Measure 21. Inform members of local security committees of any actions being taken and reason, at a primary stage.

(12) Measure 22. Physically and visually inspect all visitors to the unit, to include suitcases, parcels, and other containers.

(a) Commanding Officers will reduce authorized access points of all buildings under their cognizance, implement random ID checks at all building entrances, and physically inspect handbags, briefcases, and parcels of all visitors.

(b) Commanding Officers will implement 100 percent identification card checks at buildings which are, or contain, high value targets.

(c) All visitors will be physically inspected by security personnel and escorted; "official visitors" may be exempted. While issuing visitor passes MP will conduct a physical inspection of visitors entering the installation, to include their suitcases, parcels and other containers.

ENCLOSURE (3)

StaO 3301.1
10 DEC 1999

(13) Measure 23. Randomly check vehicles, personnel, and buildings. MP patrols will check roads adjacent to the installation's perimeter fenceline, and report suspicious off-base circumstances to the law enforcement agency with jurisdiction in that area. Installation perimeter fencelines not accessible by vehicles should be checked on foot or by MWD teams.

(14) Measure 24. In accordance with prepared plans, protect off-base military personnel and military transport. Remind off-base military personnel to lock their parked vehicles, and use caution before entering and driving.

(15) Measure 25

(a) Implement additional security measures for high-risk personnel.

(b) Utilize frost calls, station cable television and disseminate information/directions such as civilian attire, off-limits areas, alternate reporting times, etc.

(c) Train and brief unit high risk personnel in incident response and emergency aid procedures.

(16) Measure 26. Brief personnel, who may augment the guard force, on the use of deadly force and rules of engagement.

(17) Measure 27. Consult with local authorities on the threat and combined antiterrorism measures, as appropriate.

(a) Per the installation's barrier plan, place barriers at gates near sensitive buildings.

(b) Support placed barriers with good observation.

(18) Measure 28. Provide increased security surveillance of critical communications facilities/assets, etc...

(19) Measure 29. Reserved for spare measures as they may occur.

ENCLOSURE (3)

StaO 3301.1
13 DEC 1999

ARP FOR THREATCON CHARLIE

1. THREATCON Charlie. This condition applies when an incident occurs or when intelligence is received indicating that some form of terrorist action against MCAS Miramar and personnel is likely. Implementation of this measure for more than a short period will probably create hardship and will affect the peacetime activities of the installation, all units and its personnel.

a. Department/Units

(1) Implement all measures for THREATCON Alpha-Bravo.

(2) Ensure compliance with all applicable THREATCON Charlies measures.

(3) Establish duress cord words. Units/security personnel can use these words to indicate a possible hostage situation or other problem.

(4) Request additional counter intelligence (CI) support to further augment existing CI capabilities.

b. Provost Marshal

(1) Recommend the establishment of terrorist THREATCON Delta to the Commanding General when appropriate.

(2) Flightline security under THREATCON Charlie.

(a) The AECS is required to be active.

(b) The ID level will require personnel to swipe a card, use a PIN and a photo ID will be used.

(c) It will be required that vehicles on the flightline be limited to essential use only.

(d) If the AECS is inoperable, the ECPs are required to be manned continuously.

c. 3d Marine Aircraft Wing. Assume responsibility for posting armed guards within the Flightline Restricted Area.

d. Headquarters and Headquarters Squadron. Issue night vision devices to the Provost Marshal and airfield control tower personnel to enhance security as required.

ENCLOSURE (4)

13 DEC 1999

e. Airfield Operations

(1) Post armed personnel in key airfield operation areas and coordinate their employment with the Provost Marshal.

(2) By use of expedient barriers, prohibit vehicle parking from within 50 feet of the Airfield Operations Complex.

f. Public Works Officer

(1) Coordinate with the Provost Marshal regarding the relocation of dumpsters away from key facilities.

(2) Install lighting units with backup power generators at key facilities. Designate someone to fuel the backup power generators, and to refuel the generators when needed at the site. The generators will be employed if electric power is interrupted.

(3) Establish designated parking area(s) away from key facilities and institute shuttle bus service.

g. Station Explosives Ordnance Disposal. Conduct a recall of personnel and remain on an alert status for the duration of THREATCON Charlie.

h. Assistant Chief of Staff (AC/S) G-4

(1) Issue food and equipment in support of antiterrorism plans as requested by MCAS Miramar elements.

(2) Coordinate with the Defense Commissary Agency (DECA) Officer to secure operations at the commissary when directed.

i. Marine Corps Community Services (MCCS)

(1) Secure operations at MCCS activities when directed.

(2) Secure the sale of all alcoholic beverages at all retail and club activities.

(3) Secure all mobile snack bar truck operations.

j. Officer in Charge, Branch Medical Clinic. Conduct a recall of medical personnel necessary to receive, transport, and treat large numbers of casualties. Coordinate with the Provost Marshal for the employment of armed security personnel at the Branch Clinic as appropriate.

ENCLOSURE (4)

StaO 3301.1
10 DEC 1999

k. Public Affairs Officer. Prepare informational news releases for the news "media." Provide copies of information prior to release to the station Security Manager for review/recommendations. Release the information to the news media only after approval of the Commanding General, MCAS Miramar, and the Office of Assistant Secretary of Defense/Public Affairs (OAS D/P); exception for the latter being cases involving public safety.

1. THREATCON Measures

(1) Measure 30. Continue THREATCON BRAVO measures, or introduce those measures still remaining.

(2) Measure 31. Keep all personnel are responsible for implementing anti-terrorist plans at their place of duty.

(3) Measure 32. Access points will be limited to an absolute minimum.

(4) Measure 33. Entry control will be strictly enforced and a percentage of vehicles will be searched.

(5) Measure 34. Enforce centralized parking of vehicles away from sensitive buildings.

(6) Measure 35. Weapons will be issued to guards, as Marine Corps regulations prescribes the issuance of loaded weapons to all personnel engaged in law enforcement or security duties.

(7) Measure 36. Increase patrolling of the installation.

(8) Measure 37. Protect all designated Mission Essential Vulnerable Areas (MEVA'S) and Vulnerable Points (VP'S), give special attention to MEVA'S and VP'S outside of the installation.

(9) Measure 38. Erect barriers and obstacles to control traffic flow.

(10) Measure 39. Consult with local authorities prior to closing public and military roads which will make sites increasingly vulnerable to terrorist attacks.

(11) Measure 40. Complete emplacing all barriers listed in the installation barrier plan, and have MWD teams conduct walking patrols of selected installation barriers.

ENCLOSURE (4)

StaO 3301.1
13 DEC 1999

ARP FOR THREATCON DELTA

1. THREATCON Delta. This condition applies in the immediate area where a terrorist attack has occurred or when intelligence has been received that terrorist action against a specific location is imminent. Normally, this THREATCON is declared as a localized warning.

a. Departments/Units

(1) Implement all measures directed for THREATCON Alpha through Charlie.

(2) Review reference (a) for any further action deemed appropriate.

(3) Ensure compliance with all applicable THREATCON Delta measures.

b. Provost Marshal

(1) Increase frequency of random perimeter patrols.

(2) Flightline Security under THREATCON Delta.

(a) The AECS is required to be active.

(b) The ID level will require personnel to swipe a card, use a PIN, and Photo ID.

(c) It will be required that vehicles on the flightline be limited to essential use only.

(d) The ECPs are required to be manned continuously regardless if the AECS is operable or inoperable.

c. THREATCON Measures

(1) Measure 41. Continue or introduce those measures listed for THREATCON Bravo and Charlie.

(2) Measure 42. Augment guards, as needed.

(3) Measure 43. All vehicles need to be identified on the installation within operations or mission support areas.

(4) Measure 44. All vehicles will be searched upon entering the complex or installation, as well as their contents.

ENCLOSURE (5)

13 DEC 1999

(5) Measure 45. Conduct positive identification of all personnel, and control all access.

(6) Measure 46. Search all suitcases, briefcases, packages, etc., brought into the complex or installation.

(7) Measure 47. Take measures to control access to all areas under the jurisdiction of the U.S. command or agency concerned.

(8) Measure 48. Conduct frequent checks of building exteriors and parking areas.

(9) Measure 49. Administrative journeys and visits need to be minimized.

(10) Measure 50. Consult with local authorities concerning closing public and/or military roads and facilities which will make sites increasingly vulnerable to terrorist attacks.

(11) Measure 51. Man posts as necessary to prevent attack against vulnerable facilities outside the base boundaries.
